WORKING EXPERIENCE

FULLSTACK DEVELOPER
Walkmetru.io | 2023 - 2024
- Played a key role in the development and maintenance of Walkmetru.io's web applications by implementing both front-end and back-end solutions, utilizing HTML, CSS, JavaScript, and frameworks such as React, along with Node.js and Express.js for server-side functionality.

FRONTEND DEVELOPER
Amani | 2023

- Contributed to the development of a tutoring website for developers, utilizing Next.js to create a modern and responsive frontend. Additionally, performed quality assurance (QA) tasks for the frontend design by writing and executing test cases to ensure a seamless user experience.

WEB DEVELOPER INTERN
Cybergate Technologies Limited | 2020 - 2022

- As a Junior Frontend Engineer at CyberGate, I developed my skills by working on diverse projects in a collaborative environment. I played a key role in enhancing user interfaces and improving application performance, contributing to the successful launch of several innovative web applications.
